

Update 1.0

Home page

LOGIN REGISTER

food videos

Update 1.2

LOGIN REGISTER

USER REGISTRATION DETAILS ARE STORED IN THE DATABASE

VALIDATE THE LOGIN DETAILS

EVERY USER SHOULD HAVE THEIR OWN PROFILE
CREATE

UPDATE 2.0

USERS CAN UPLOAD THEIR OWN VIDEO

THAT VIDEO MUST BE STORED IN THE DATABASE

WHEN THE USER LOGS BACK IN, THE VIDEO MUST BE SHOWN IN THEIR PROFILE SPACE.

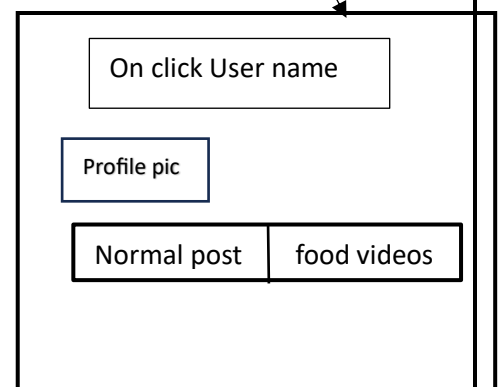

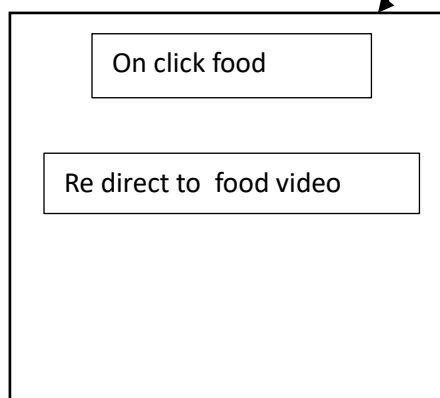

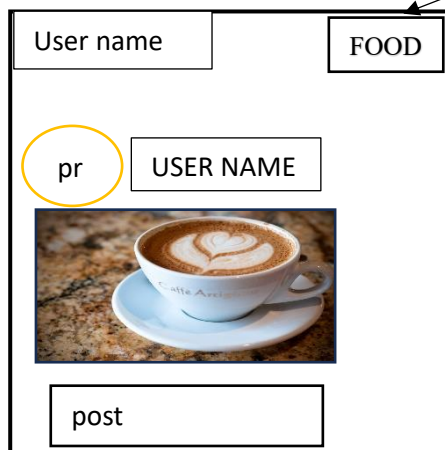

UPDATE 3.0

EVERYONE CAN SEE THEIR UPLOADED VIDEOS

OTHERS CAN LIKE THE VIDEO, AND THE LIKES WILL BE STORED IN THE DATABASE

UPDATE 4.0

NOW, DIVIDE THE SECTION INTO TWO PARTS: ONE FOR FOOD AND THE OTHER FOR NORMAL POSTS AND OTHER VIDEOS

Absolutely! Here's the updated post with hashtags for better reach:

 Exciting Update! Our video uploading system is evolving with new features:

👉 ****Version 1.0:**** Home page with login and register options. Free food videos available without registration.
(Completed)

👉 ****Version 1.2 (In Development):**** Adding security by storing login and register details in the database.
Implementing login details validation.

👉 ****Version 2.0 (Planned):**** Users can upload their own videos (normal posts and food videos), stored securely in the database.

👉 ****Version 3.0 (Planned):**** Users can view their uploaded videos. Others can like videos, with likes stored in the database.

👉 ****Version 4.0 (Planned):**** System divided into food and normal post sections. Free food videos included.

Stay tuned for more updates as we continue to enhance our platform!
